# SuperWine 9.0

The most exciting wine event in Southeast Europe - SuperWine, will take place on Saturday, July 2<sup>nd</sup>, 2022 (8<sup>pm</sup>-12<sup>am</sup>) in the luxury yacht marina Porto Montenegro.

Continuing the tradition of previous eight editions of the event, this year the best wineries from the ex-YU region along with several dozens of distinguished European wine houses will be presenting their wines to the public in the unique atmosphere of Porto Montenegro Yacht Club. Culinary zones and DJ performances are also traditionally an integral part of the program, so there is no doubt that SuperWine 9.0 will justify the expectations of ever-increasing audience. Who knows, maybe this wine spectacle will exceed expectations as well. Judging by the announcements of the organizers, this is quite certain.
