SuperWine 10

1st July, 2023 / Porto Montenegro Yacht Club

SuperWine 10

The jubilee dedication to wine elegance!

The tenth edition of the most refined and exciting wine event in Southeast Europe - SuperWine will be held on Saturday, 1st July, 2023 (at 8pm) at the luxurious yacht marina Porto Montenegro. The preliminary list of exhibiting wineries is very promising, so we are excitedly awaiting the best SuperWine so far.

After nine attractive episodes from the series dedicated to wine elegance, the time has come for **SuperWine** with its tenth edition to officially confirm that it has moved from the avant-garde to the club of classics. Positive energy, fine wine vibes, attractive accompanying programs and a respectable list of numerous exhibitors enriched **SuperWine** throughout all these years and contributed to gaining the status of the most exciting wine event in Southeast Europe. If the exclusivity of the location of the yacht marina in Porto Montenegro and the glamor of wine needed be combined somehow, it seems that **SuperWine** managed to do it in the best possible way, taking every year a step forward in all aspects.
